*Be careful when purchasing Activity manuals and workbooks in used condition. These are sometimes marked in and/or have missing pages, which could negatively impact your child's grades. It is preferred that all workbooks be purchased in new condition.

**The kindle edition of The Odyssey is not translated by Robert Fagels as is the text required by Dr. Wollerton

***Mrs. Tannoa requires the A Beka version of The Scarlet Letter novel. Since A Beka does not allow others to resell their books, you will have to purchase this book in New condition. The EBook version is also available. You must first create an account with A Beka following the instructions in the link [here](#). You may then purchase the EBook [here](#).

Books highlighted in yellow may sometimes be purchased through Ms. Evie at the school or from a student previously enrolled in those courses. Books which are NOT highlighted are new curriculum or a newer edition of previously utilized curriculum.
